Kathy was a large part of our lives. We so loved her and always will. She was the joy of my heart and the apple of my eye.

Her Grandmother
Virginia Porter

Katherine (Kathy) was my sister, but she was more than that. She was a friend and a pal.

Kathy was always very caring, loving and kind and everyone who knew her loved her very much. So did I. Her fabulous outlook on life, her ambitions, and her goals carried her further in her life in 15 years than mine have carried me at age 22.

Kathy will always have a very special place in my heart and the hearts of all who loved her. She was a super person. Just always remember when you miss her most that she's not dead, she's only gone away to a much happier place . . . Heaven.

I love you
Terri

In the short time Kathy had to share with us, she was a great inspiration to all she came in contact with. She was an easy going and loveable person. She was a terrific sister and my best friend.

Sheryl Bonsack (Sister)

We loved her. She will be with us always.

Love Gerry, Christy, and Rick

Kathy was a very good friend. Though Kathy's life was short, she will be remembered and loved always.

Love always,
Tina Ross and family.

I loved her.
I lost her.
I miss her.

Billy (Brother)

Katherine Elizabeth Bonsack

MOTHER

Born March 31, 1968, she was nicknamed Kathy. She was always a bright and lively child, very outgoing and such a lovely personality. She loved sports and horseback riding as well as other outdoor activities. In April 1983,she was stricken with cancer. But she quickly accepted it and made the best of it. She received alot of intensive treatments. But Kathy still had a smile and kind word for everyone. And she lived each day to its fullness. On November 1, 1983, God called Kathy home to be with Him. Hold all your good memories of her as we do. And I hope one day all of us will meet her in the Rapture. WHAT A GREAT DAY!!!

Waiting patiently

Manor High School will surely miss you Kathy. We love you dearly. The Student Body

THE STAFF

Kathy fought a valiant battle against insurmontable odds and at one time she seemed to be the victor, but it was only for a while. God only knows his divine plan. Her ordeal was great and her suffering severe, but it has all culminated into eternal rest. We often have plans and wish for them to come to fruition, but the Master's plan must take priority. We had things that we wanted to see her do and perhaps she had plans of her own, but God had a nobler task in mind. His thoughts are not always our thoughts. His ways are not always our ways. But His will must be done.

Preparing for her sister's wedding.

A FRIEND

Kathy was a very kind, thoughtful and considerate person. She was always concerned about her friends and if they were ill. She was a wonderful friend. Kathy had many talents. She could sing, skate and twirl. It was always a pleasure to see Kathy in the halls at school. She always greeted you with a smile. Kathy was a great friend and was there when you needed her.

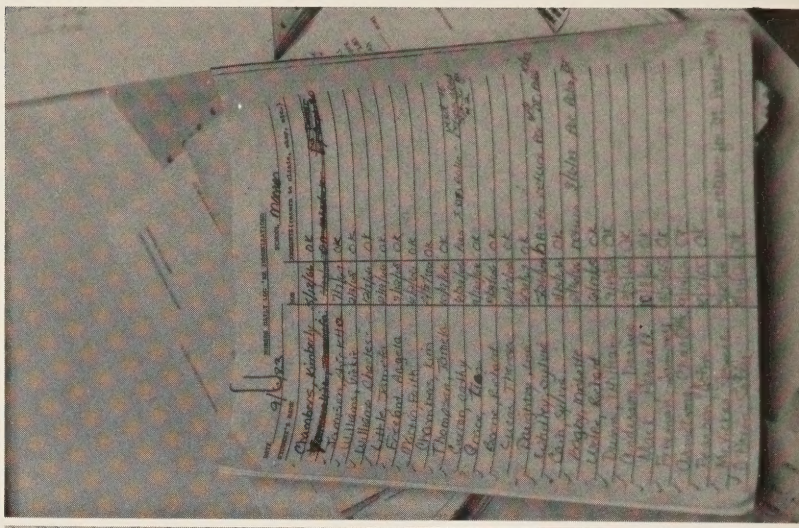
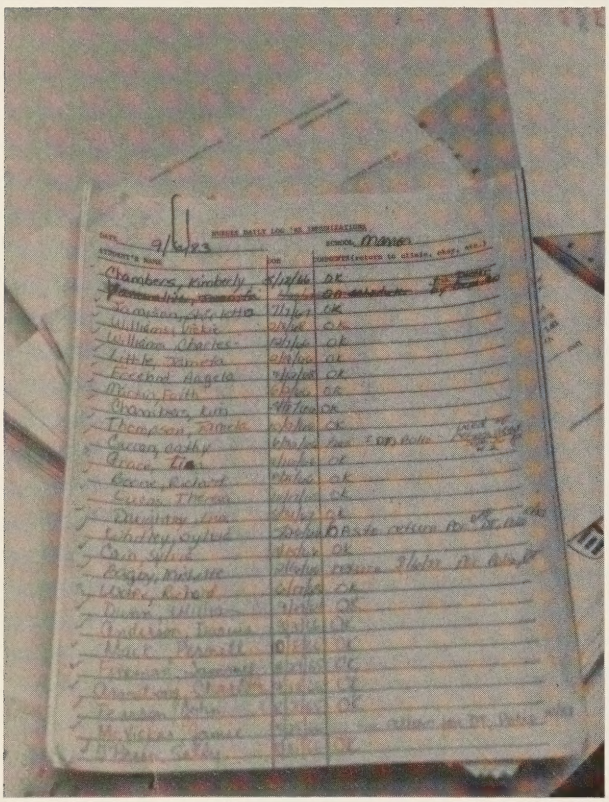
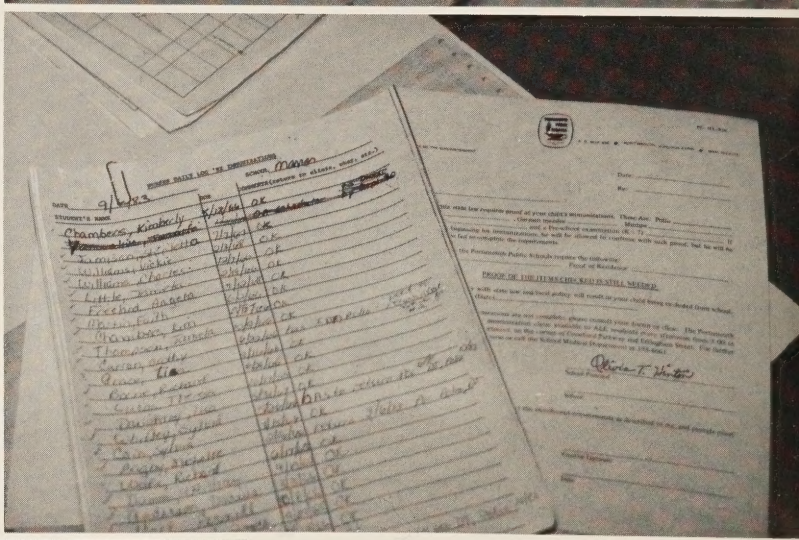
OUCH! THAT HURTS!

These are shot (immunization) records. Heavier immunization requirements were mandated by law for the 1983-1984 school year. Man, did that create some commotion! On the first day of school, more than two hundred students were directed to the Little Theater to await confirmation of their records.







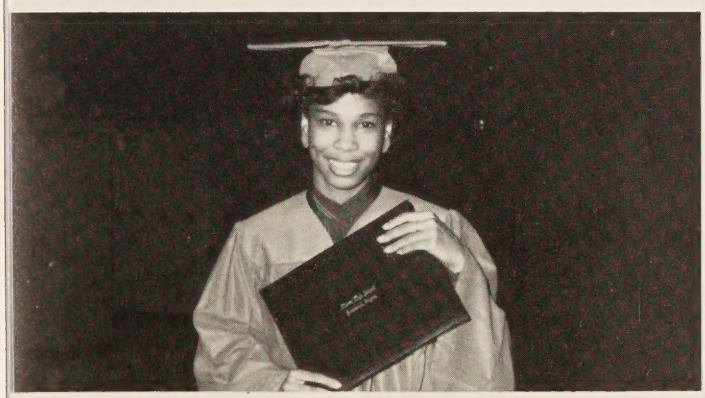
Though an entire summer had been allowed, there were many who spent the early days of September waiting in lines at clinics and doctors' offices to get the necessary shots. Although some said it didn't hurt, here's one who said it did.

A Night To Remember

Yes! June 8, 1984 will be the night that the graduating senior class of '84 will be proud to remember. At the end of their junior year they immediately began feeling the senioritis, while taking portraits during the summer. Returning to school in September, they selected colleges, paid dues, and ordered caps and gowns. Before you knew it June had come, and seniors planned for the future.

This is what every senior wants.

Two seniors read the Alma Mater and remember the good times.

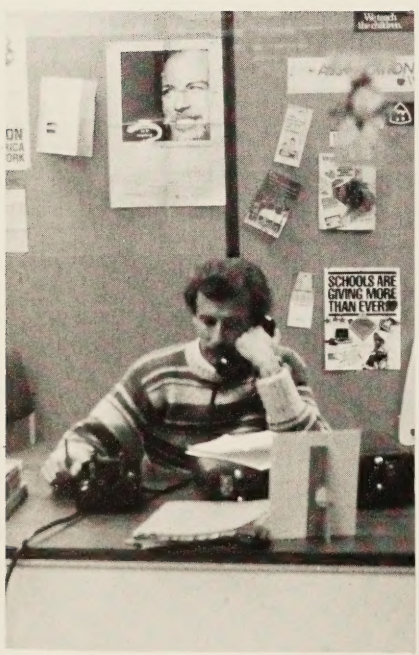


Tracy Clay is glad she made it.

The moment has arrived.

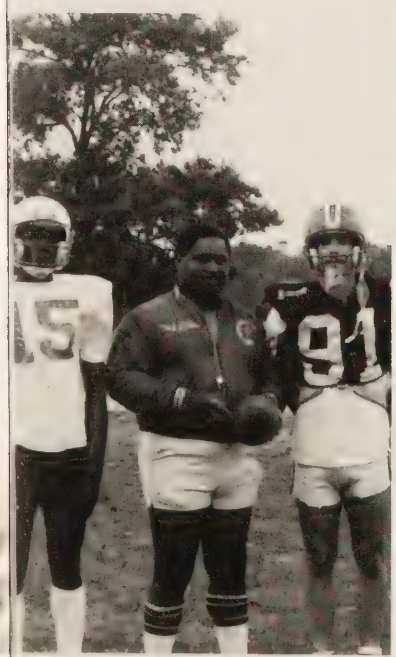
1984: The Year Of All Years

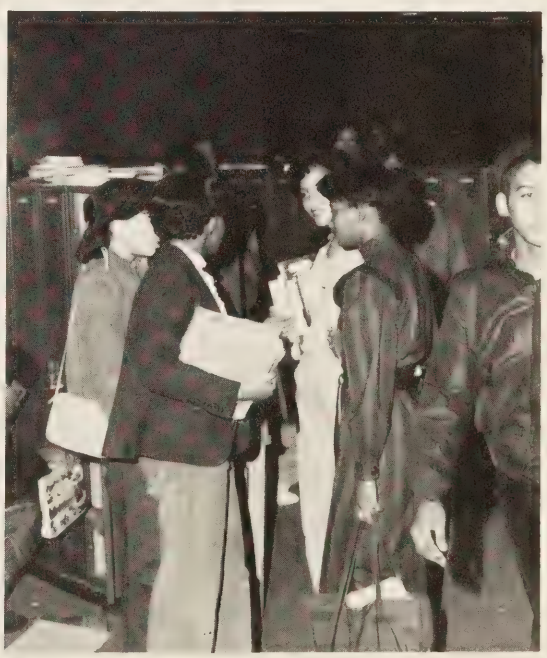
This marked the beginning of the end for the class of '84, a new beginning for the class of '87 and the dawn of a new day for the classes of '85 and '86. Mustang pride was to blossom all over and make the year 1984, the year that will never be forgotten.



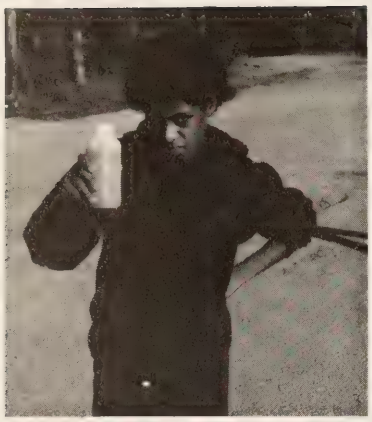
Manor HIghlights

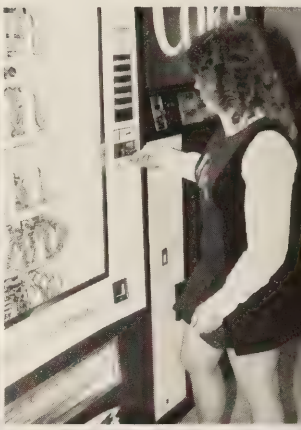
In 1984 the Mustangs reached heights that had been a long time coming. The football team put together a winning season under Coach Gordon. Girls' cross country excelled in style. All State chorus honors were ours. Maria Moore hurdled her way to a state championship. We're proud to be Mustangs and WE'RE SO PROUD THAT NOBODY DOES IT BETTER THAN MANOR HIGH SCHOOL.





We're So Proud That





Nobody Does It Better

The #1 Mustang

Principal Olivia T. Hinton, Portsmouth's first female senior high school principal, has led Manor High for five years. She is dedicated to her job as principal as well as the school's activities. She takes her job and school very seriously, and her spirit is overwhelming. If you were to see her at a sports event you would think she was a student, the way she cheers and shouts for HER TEAM. For helping the staff, faculty, and student body, she really deserves the name, the #1 Mustang.

Homecoming: 1983

Spirits were high on the evening of October 14 after the homecoming assembly was held early that morning. The mood of confidence was spread among the students, faculty and alumni. Our Mustangs were enjoying their finest season ever and were tied for first place in the district, sporting a 5-1 record. But victory evaded the Mustangs as the Tigers of Oscar Smith handed the Mustangs a 10-0 defeat. Although that was a big blow to the Mustang pride, it did not completely destroy the homecoming spirit. Last year's homecoming king and queen, Kenny Jones and Dana Brown came back to support the Mustangs. The Art Club won the float competition and Dexter Ferguson and Sherese Boone were crowned as the new king and queen.

THE MARVELOUS MAINSTREAMS

This year will mark the graduation of three students who have meant a great deal in the growth of Manor High School. They have led other students to re-evaluate their own situations and taught them that physical handicap is not an indication of mental deficiency. These students have not only been placed into the mainstream of classroom activities, but they have involved themselves in the mainstream of co-curricalar activities. Their main involvements have been in forensics and drama. But to be master of ceremonies for a school program and working on the yearbook staff have also been facets of their involvement. "We salute Brenda Wynn (top), Robert Carter (middle), and Scott Spradlin (bottom)

Leadership Is Important

The officers of the Student Council Association are from left to right President — Stephanie Harmon, Vice-President — Victor Johnson, Secretary — Rosalind Epps, Corresponding Secretary — Amy Smith, Treasurer — Crystal Johnson, Publicity — Lisa Thompson, Historians — Amy Allison and Kim Hartman (not pictured) and Parliamentarian — Carolyn Brown. The officers receive leadership training by attending SCA conferences and workshops and by participating in the local City Hall Day Program.

With Participation . . .

The SCA sponsors many activities during the school year. Some of these activities include the Blood Drive, all homecoming activities, Thanksgiving baskets, Operation Santa Claus, and the United Fund. Each homeroom elects a representative and an alternate to help support these activities. They are pictured to the left.

Monopoly's The Game

Angie Barnes defeated Jamie Kelly and Lisa Jackson in their game.

Laura-Lynn Council and Robin Holley observed the last game in progress with Mrs. Moore in which Donna Dabney finally defeated Jeff Dover and Chuck Kozoyed.

Mrs. Moore's economics class and Mr. Claud's sociology class spent a couple of days playing monopoly during the first semester. They did it to get an idea of what the business world is like. During this time, some people actually found out how ruthless other people can be when it comes to money.

Laura-Lynn Council, Donna Dabney, and Eric Rockwell took control of the games at their table and won in the economics class and Angie Barnes was one of the winners in the sociology class.

"The Green-Eyed

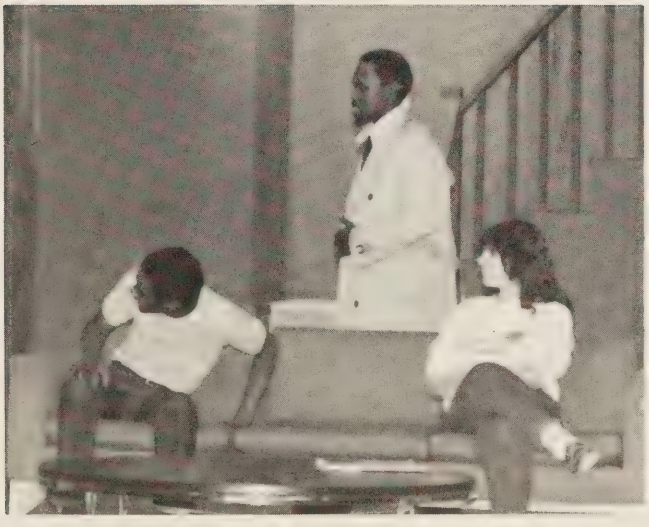
"The Green-Eyed Monster" was a play sponsored and performed by the Manor Drama Club. The play was presented in conjunction with the fall sports award banquet and later to other portions of the student body. In the play, a football player, Gene, dresses as a girl to save a star, Ben, from breaking curfew.
Left — Marlene Boone, Betty, finally confronts "Gene", John Reardon.

Right — The master-minds behind the whole scheme were Tom Matthews and Frank Carter played by Burnie James and Troy DeMasse. They coerce Gene into playing a girl's role which he does reluctantly at first, but then really gets carried away with it.

Left — Gene, played by John Reardon, was trying to whisper "sweet nothings" in Ben's ear who was played by John Lietuvninkas.

Monster"

Mr. Mitchell, who played the father, directed the play. He is the sponsor of the Drama Club. After Gene's father (played by Darwin Anderson) comes in and exposes Gene's true identity, the scheme is over and everybody has a good laugh.
Standing: Troy DeMasse, John Reardon, and John Lietuvninkas.
Sitting: Mr. Mitchell, Lynn Edwards, and David Kozoyed.



Burnie James and Lynn Edwards really look surprised as Mr. Mitchell, the father, comes home unexpectedly. The play was an overwhelming success to the Manor athletes who laughed from start to finish. John Reardon, president of the drama club who played the character Gene deserved an Oscar for his performance.

Sports Are Here

This year marked a shift of competitive golf from the Spring to the Fall. The team was hard pressed to measure up to the tradition of two state championships in three years. With only one senior, Tim Newsome, and three freshmen it was a struggle. Only Tim qualified for the regional and state meets.

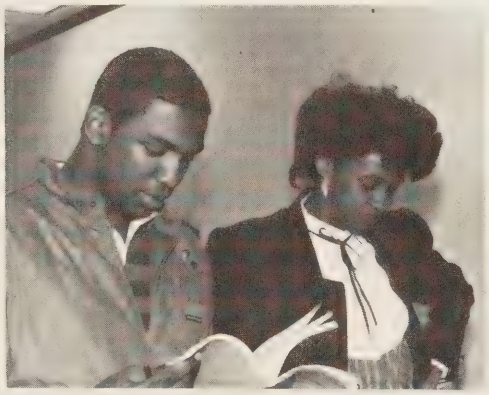
Mustang's Glory-Girl In Action!

Maria Moore types copy for the yearbook.

Maria spends part of her time working at a typewriter for the yearbook staff. But more often she is working out in an effort to become a state hurdles champion. The tasks of conditioning and practicing are a tedious, but the rewards can be great. She has already accumulated seven city championships, four district championships a regional and an invitational championship. She also holds a combination of twelve school, city, district and invitational records. She is surely Manor's Glory Girl.

Maria concentrates before starting toward hurdles.

Maria gets really serious when she's with her "main man," Irving Cross, and track star himself.



Maria is always in a somber mood before and after a meet. She knows what she has to do and she goes out and does it.

Of Veterans

Last year Coach Black guided a team of seasoned veterans to an 18-0 district mark, the best in the school's history. But with several of those pursuing college careers, this year's team is built around three seniors. However, the intertwining of several sophomores and juniors has made the team a contender. An undefeated district mark is out of the question but post season tournament honors could be well in the picture.

David Blackwell has distinguished himself in the area as a smooth big man. His ability to handle the ball and his soft touch on the medium range jumper have been major factors in his rise to greatness. A 6'7, senior, David has been highly recruited by a variety of colleges. His classic dunk shots dazzle the crowd on ocassions but he most often sticks with the basics as preached by Coach Cliff Black.

New Guidance

Cornell Gordon, a former pro football player for the New York Jets has truly proven himself as coach for Manor's varsity football team. His outstanding athletic accomplishments on the high school, college, and professional levels, highlighted by playing in the 1969 Super Bowl on the same team with Joe Namath, prepared him for a promising coaching career as an assistant coach at Norcom High School and Norfolk State University. In his first year at Manor, he kept the team in contention for the championship to the end, passing mid-season with a 5-1 record. His team produced the best record of any Manor Varsity Football Team since 1977 (5-3-2). Coach Gordon is surely to be commended for his contributions to the Manor Football Program. In his own words, his main goal was, "to put the program back on the right track." And he has certainly done that.

Cornelius Coleman, assistant coach of Manor's varisty team, helped make this season a successful one. His efforts helped produce two All-City and two All-District defensive backs, Wayne Davis and Milton Elliott. Elliott was also named to the All-Tidewater Team, on instinct, stamina and H-A-N-D-S!

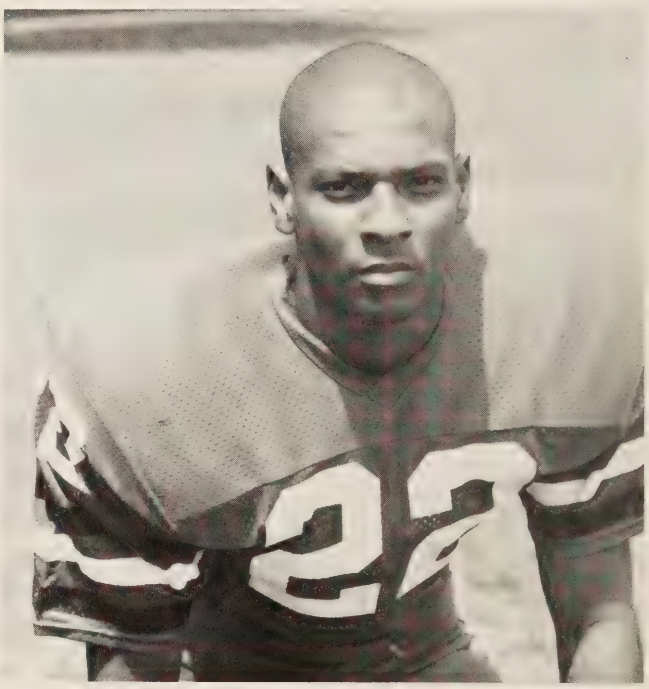
Seasonal Accomplishments

R.D. had 31 receptions for the seasons (a record) to take first place in the Manor all-time receptions record book with 52 for 1,132 yards.

Huron's career rushing total of 2,079 yards was a new school record as was his season mark of 1,202 yards.

Brehon missed two full games this season because of injuries and played in segments of another but still managed to break a single season record for the most yardage passing with 877 yards and a career passing record with 1,343 yards. His single game mark of 203 yards was also a school record.



Even though Manor ended the season with the best defense in Tidewater, Milton (Shorty) Elliott was the only player to be named to the all-Tidewater first team.
